Have you met our Mingle team? I'm thrilled to introduce you to Mingle, the Suburban Land Agency's community development program, designed to help neighbours connect and build a strong sense of belonging.

In Jacka, the Mingle team is supporting residents to meet one another, form meaningful relationships and discover shared interests within their local community.

The Jacka Mingle program offers regular opportunities for connection through a diverse range of creative, cultural and learning activities. These opportunities will continue to evolve as the Mingle team works alongside you and other residents and with local community development support.

Over time, the program aims to empower residents to lead initiatives themselves, with ideas and activities championed by the community.

I look forward to seeing Jacka grow, connect and thrive together.

Come and meet the team - Selina, Emma and Jagmeet - we'd love to get to know you.
