WHAT'S HAPPENING AT KINGSTON FORESHORE

Welcome to Shoreline, the newsletter keeping you up to date with all things Kingston Foreshore.

CANBERRA'S WATERFRONT DINING PROMENADE

As the sun continues to shine throughout the final weeks of summer, now is the perfect time to sample the deliciousness along the Kingston Foreshore Promenade. It's been exciting to watch the development of the area as restaurants, cafes and bars continue to open their doors. The Dock recently opened by Brumbies and Wallabies forwards Scott Fardy and Ben Alexander is the first sports bar to grace our shores. Next to join the Promenade experience is the Asian inspired Tang Dynasty Restaurant a few doors down - there are so many more on the way in 2015! Head down this weekend to enjoy spectacular northerly views across Lake Burley Griffin, meander along the waterfront - or take to the water with a paddle board or kayak!

Take a look at the [Canberra Times article about The Dock](#).

ENJOYING THE BEAUTIFUL VIEW - LANDSCAPE UPDATES

Did you know that the remaining 60% of the Boardwalk is scheduled to open by mid 2015?

Completion of various landscape projects were delayed in 2014 as the landscape contractor engaged went into liquidation. A new contractor is now completing the outstanding works along the remainder of the Boardwalk. Once opened you will be able to see the Harbour from a completely different aspect as you wander its entire length - from the bustling restaurants, towards the harbour lights at Eyre Street, continuing alongside Honeysett View.

EXTEND YOUR BRIDGE TO BRIDGE LOOP TO THE FORESHORE IN 2015.

A cycle path extending along Lake Burley Griffin's western edge between Bowen Park and Kingston Foreshore is planned for construction in 2015. Walkers and cyclists travelling the popular bridge to bridge loop will be able to easily connect under Kings Avenue Bridge towards Wentworth Avenue and the Promenade. Tenders closed in late 2014 to engage a contractor to complete the works. Further information will be available on the [TAMS website](#) as it becomes available.

FRAT TO REPRESENT RESIDENTS AND TRADERS

The newly formed Foreshore Resident and Traders (FRAT) group represents the ideas and concerns of Kingston Foreshore residents and traders. The group has strong stakeholder connections and is made up of those who live and breathe the precinct on a daily basis. The group's aim is to:

- represent a consensus of opinion to government and private agencies
- connect and communicate across businesses
- work through issues that may arise between traders and residents without having to resort to external agencies.

If you would like to know more about how the FRAT may be able to assist you, please email gregclarke@bigpond.com.

LATEST LAND SALES AND NEW DEVELOPMENTS

Plans are underway to sell the largest ever site to be offered at Kingston Foreshore under the hammer in March 2015. At a generous 13,086m², Block 1 Section 60 presents a unique development opportunity due to its Mixed Use zoning (CZ5), providing the potential to build a mix of up to 240 dwellings. [See more](#)

This year will see a diverse range of developments for sale on the Peninsula on the Harbour's eastern side, including [Atelier](#), [Versagé Living](#), [Peninsula](#) and [Azure](#). Construction hasn't yet begun in this area of Kingston Foreshore however the location of these developments is stunning given their proximity to the water.

LOST IN THE PRECINCT? NOT ANYMORE

You may have noticed a number of new signs popping up across the precinct over the last few months. The largest of these is the impressive 5m x 5m Gabion rock wall and corten steel main entry sign located at the corner of Wentworth Avenue and Eastlake Parade. The sign maintains the architectural style of the precinct's parks and open spaces and provides a sense of arrival for people looking for the precinct. Visitors walking between the Fitters' Workshop and Canberra Glassworks will also be able to navigate their way to restaurants, parks and the other points of interest around Kingston Foreshore with a "You are Here" sign, complete with a map and legend.

The history buffs who may already be familiar with where they are, can now appreciate two heritage signs outside the Fitters' Workshop and the Old Bus Depot Markets which outline the story behind two of Canberra's earliest buildings.

ENLIGHTEN FESTIVAL & NIGHT NOODLE MARKET 27 FEBRUARY - 7 MARCH 2015

It's time to get excited about Enlighten, one of Canberra's favourite autumn events illuminating Canberra in a special kind of light. This year the festival will feature architectural projections and events inside and outside some of Canberra's renowned buildings, including the Kingston Powerhouse, the home of the Canberra Glassworks. In a Canberra first, Enlighten will also include a Night Noodle Market on the Lawns of King Edward Terrace. Kingston Foreshore favourite Morks is rumoured to be among the stallholders, so make sure you don't miss out!

The Canberra Glassworks will also host Diplomacy: translations in glass, an exhibition which includes an exclusive bus tour of participating embassies which host international glass art. Come along to the Diplomacy and Fine Wine event before hand and hear Guest Curator Luana Jirasek speak. Want more info? Visit www.enlightencanberra.com.au

TREAT YOURSELF - A HAVEN OF HEALTH AND BEAUTY

We always knew that Kingston Foreshore was beautiful, but it's becoming so much more glamorous with the variety of health and beauty businesses in the area. If you're looking for a haircut or colour, beauty or spa treatment, Kingston Foreshore has got you covered with Beauty Foreshore, Hair by Danny & Jess, [Fabric Hairdressing](#), [Scissor & Roc Hairdressing](#), Hello Darling and [H2O Spa](#).

In addition to pampering experiences, we love a good execution of clever and modern decor. On your next visit check out Scissor and Roc's amazing lolly bar, TV screens, and even a Man Cave with a beer fridge! Don't forget about your fitness - In addition the outdoor training groups that combine exercise with fresh air and beautiful parks, there are also two great fitness facilities. Anytime Fitness on Giles Street, and Profitness Training on Parbery Street both offer a range of fitness equipment as well as personal training.
